

Halewood

Laboratories Pvt. Ltd.

GIVING
HEALTHCARE
A NEW DIMENSION !

Company Profile

Halewood Laboratories established in 1984 is a technology driven and socially conscious company. Our mission is to be a Global Pharmaceutical & Healthcare Company who helps in providing good healthcare with unique, innovative, and effective products.

About Us

The Company was started by Mr. Kaushik S Chaturvedi, a Pharmacy graduate as a micro organization Incorporated in the year 1984 which has grown into one of the leading pharmaceutical products manufacturer in India. His business intelligence, experience and vision has allowed Halewood to grow and look at the market with one objective "MANUFACTURING OF QUALITY PRODUCTS". Halewood is having association with leading pharmaceutical companies in different segments globally. A wide range of Pharmaceutical dosage form is manufactured under different therapeutic segments viz Anti-Tuberculosis, Anti-Malarial, Anti-Biotic, Cardiovascular, Anti-Diabetic and general molecules.

Halewood is specialized in manufacturing ORS (oral rehydration Salts), Electrolyte powder / drinks from past 23 years and has the privilege of being one of the biggest manufacturer in the World, with manufacturing capacity of 2 million sachets in a day. 40% of market share is occupied by ORS manufactured by Halewood in India. The quality of Halewood product has been trusted by companies like Abbott Healthcare, Merck, Cipla, Sun pharma, Lupin etc.

Halewood has an excellent R & D division which help them to innovate ORS ready to drink & Electrolyte drinks in 2008 which turned out to be the one of the biggest & most valuable innovation in the field of Electrolytes & rehydration therapy. Halewood being innovator for ORS ready to drink hold a average of 62% of the market share in countries like India, Afghanistan, Myanmar, Nigeria, Kenya, Tanzania, Yemen, Mauritius, Sudan and more.

Exports

Halewood Laboratories, We export our formulations to various global markets. We have filed substantial numbers of dossiers in different countries across the globe, regardless of

geographic and socio-economic barriers. Halewood Lab is a technology driven pharmaceutical company with interests in research and development, manufacturing and marketing of formulations, Nutraceutical, OTC, Food & Beverages. We offer more than 200 formulations in 20 different therapeutic segments having strong presence in

Africa, SEA, CIS, Middle East and Latin American countries as well as in USA (ORS ready to drink formula & Food Supplements), Canada (Food Supplements), Europe.

We can offer CTD/ ACTD Dossiers very efficiently of all the products

Our manufacturing facility has accreditations from various International Regulatory Authorities- PPB Kenya, NAFDAC Nigeria, SBDMA Yemen, CONGO & Ivory Coast, Health Canada (For Food Supplement) & triggered for TFDA Tanzania, NDA Uganda, USA (For ORS Liquid)

Our Global Foot prints:

USA (ORS Liquid and Food Supplements), **Europe** (Food Supplement), **South East Asia**- Myanmar, Philippines, Vietnam, Cambodia, Sri Lanka, Nepal, Bhutan, **Middle East**- Qatar, Lebanon, Yemen, Afghanistan, UAE, Kingdom of Saudi Arabia, **Africa**- Kenya, Nigeria, Mauritius, Mozambique, Madagascar, Zimbabwe, Zambia, Ivory Coast, Rwanda, Congo, South Africa, Sudan, Uganda, **CIS**- Tajikistan, Kyrgyzstan, Uzbekistan, **Francophone Countries**- Canada (Food Supplements), Benin, Burkina Faso, **South America**- Venezuela, **North America**- Jamaica, **Central America**- Costa Rica, **South America**- Ecuador.

Manufacturing Facility

Our Manufacturing facilities are available in different parts of the world-

INDIA- Vatva, Ahmedabad

The infrastructure consists of separate manufacturing facilities for **Tablets , Capsules & ORS Powder (Oral Rehydration Salts) and Energy powders enriched with vitamins and minerals** and made provisions in the facilities for suitable environment with controlled temperature and humidity conditions. Along with latest machinery for production and packaging of products, separate setups for storage of raw materials and ingredients with facilities for required storage environment are also a part of the overall infrastructure.

Our production capacities are as follows:

Tablets – 10 million tablets per day

Capsules - 0.2 million per day

ORS / other oral powder Sachets - 0.6 million per day

Dry Granules powder: 15000 Kg per day

Packing – 600000 pouches per day

INDIA- Baramati, Pune

World class facility with hi-tech infrastructure and machinery. We manufacture Innovative products in Ready to Drink formulations in tetrapak - ORS, Electrolytes, Glucose and Protein.

Our production capacities :

Tetrapak Units - 0.7 Million units per day

BULGARIA- Sofia

EU standard facility with hi-tech infrastructure and machinery. We manufacture Innovative products in Ready to Drink formulations in tetrapak- ORS, Electrolyte drinks, Protein drinks etc.

Our production handling capacities are as follows:

Tetrapak Units - 0.4 Million units per day

Quality Policy

The Company has a clear, written Quality Policy which projects the company's vision and the management's commitment to Quality, the compliance to standards going beyond customer satisfaction to customer delight and achieving the objective of Quality through its infrastructure and work practices. The Quality Policy of the company is stated as : "Halewood Laboratories Private Limited is a quality oriented Pharmaceutical Organization which is 'Pledged to Ethics' to manufacture quality products that consistently meets & complies with the standards of current WHO-Good Manufacturing Practices (cGMP) in its state-of-the-art plants, to minimize the suffering of mankind through its unique and cost effective formulations."
