

# Halewood

Laboratories Pvt. Ltd.

GIVING  
**HEALTHCARE**  
A NEW DIMENSION !

## Company Profile

Halewood Laboratories established in 1984 is a technology driven and socially conscious company. Our mission is to be a Global Pharmaceutical & Healthcare Company who helps in providing good healthcare with unique, innovative, and effective products.

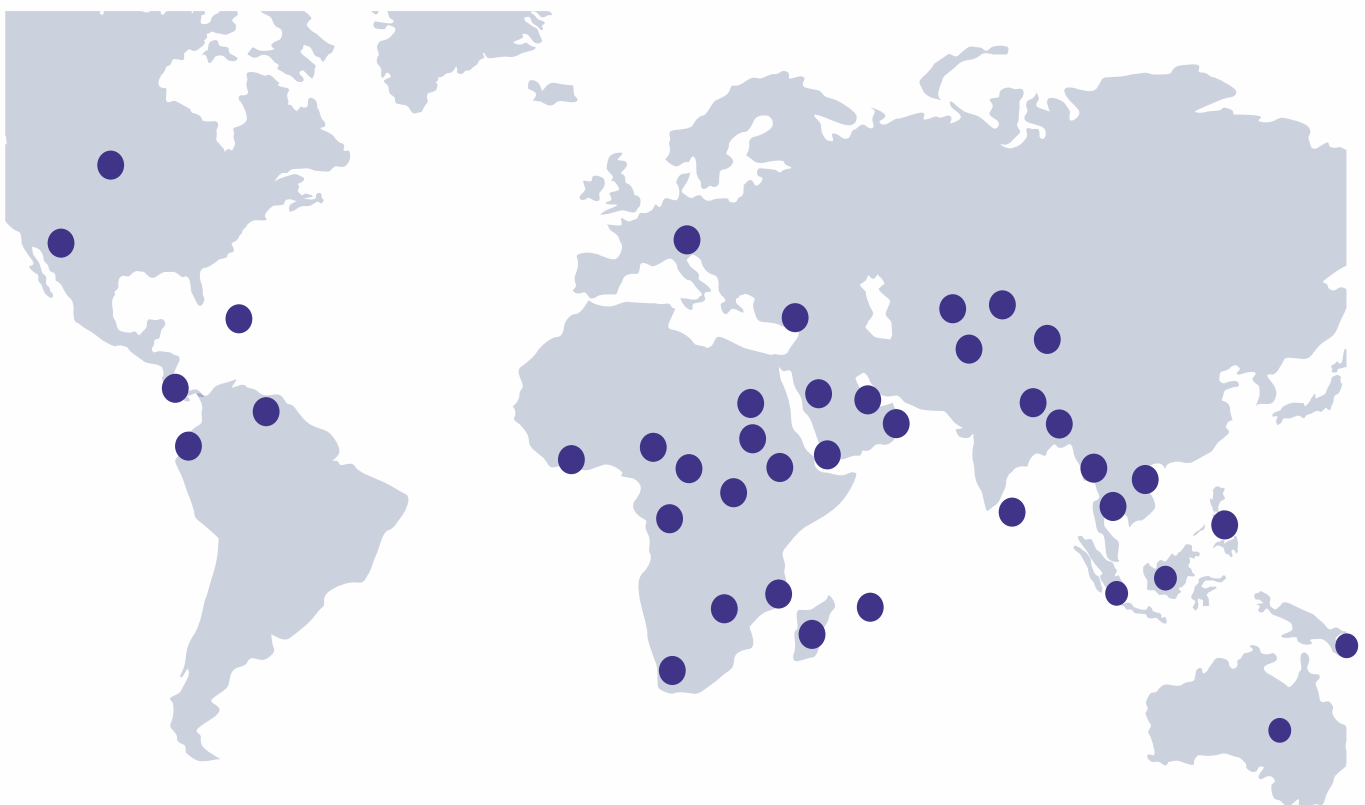

## About Us

The Company was started by Mr. Kaushik S Chaturvedi, a Pharmacy graduate as a micro organization Incorporated in the year 1984 which has grown into one of the leading pharmaceutical products manufacturer in India. His business intelligence, experience and vision has allowed Halewood to grow and look at the market with one objective "MANUFACTURING OF QUALITY PRODUCTS". Halewood is having association with leading pharmaceutical companies in different segments globally. A wide range of Pharmaceutical dosage form is manufactured under different therapeutic segments viz Anti-Tuberculosis, Anti-Malarial, Anti-Biotic, Cardiovascular, Anti-Diabetic and general molecules.

Halewood is specialized in manufacturing ORS (oral rehydration Salts), Electrolyte powder / drinks from past 4 decades and has the privilege of being one of the biggest manufacturer in the World, with manufacturing capacity of 2 million sachets in a day. 40% of market share is occupied by ORS manufactured by Halewood in India. The quality of Halewood product has been trusted by companies like Abbott Healthcare, Merck, Cipla, Sun pharma, Lupin etc.

Halewood has an excellent R & D division which help them to innovate ORS ready to drink & Electrolyte drinks in 2008 which turned out to be the one of the biggest & most valuable innovation in the field of Electrolytes & rehydration therapy. Halewood being innovator for ORS ready to drink hold a average of 62% of the market share in countries like India, Afghanistan, Myanmar, Nigeria, Kenya, Tanzania, Yemen, Mauritius, Sudan and more.

## Exports

We export our formulations to various global markets. We have filed substantial numbers of dossiers in different countries across the globe, regardless of geographic and socio-economic barriers. Halewood Lab is a technology driven pharmaceutical company with interests in research and development, manufacturing and marketing of formulations, Nutraceutical, OTC, Food & Beverages. We offer more than 200 formulations in 20 different therapeutic segments having strong presence in Africa, SEA, CIS, Middle East and Latin American countries as well as in USA (ORS ready to drink formula & Food Supplements), Canada and Europe (Food Supplements).

We can offer CTD/ ACTD Dossiers very efficiently of all the products

Our manufacturing facility has accreditations from various International Regulatory Authorities- PPB Kenya, NAFDAC Nigeria, SBDMA Yemen, UAE, Cambodia, CONGO, NDA Uganda & Ivory Coast, Health Canada (For Food Supplement) & triggered for TMDA Tanzania, Portuguese, Ethiopia.

## Manufacturing Facility

Our Manufacturing facilities are available in different parts of the world-

### **INDIA- Vatva, Ahmedabad**

The infrastructure consists of separate manufacturing facilities for **Tablets , Capsules & ORS Powder (Oral Rehydration Salts) and Energy powders enriched with vitamins and minerals** and made provisions in the facilities for suitable environment with controlled temperature and humidity conditions. Along with latest machinery for production and packaging of products, separate setups for storage of raw materials and ingredients with facilities for required storage environment are also a part of the overall infrastructure.

Our production capacities are as follows:

Tablets – 10 million tablets per day

Capsules - 0.2 million per day

ORS / other oral powder Sachets - 0.6 million per day

Dry Granules powder: 15000 Kg per day

Packing – 600000 pouches per day

### **INDIA- Bavla, Ahmedabad**

Our production capacities are as follows:

Tablets - 20 million per day

Capsules - 0.5 million per day

ORS / other oral powder Sachets - 1.5 million per day

Dry Granules powder - 25000 Kg per day

Packing - 1 million pouches per day

### **INDIA-**

World class facility with hi-tech infrastructure and machinery. We manufacture Innovative products in Ready to Drink formulations in tetrapak - ORS, Electrolytes, Glucose and Protein.

Our production capacities :

Tetrapak Units - 1.5 Million units per day

## Quality Policy

The Company has a clear, written Quality Policy which projects the company's vision and the management's commitment to Quality, the compliance to standards going beyond customer satisfaction to customer delight and achieving the objective of Quality through its infrastructure and work practices. The Quality Policy of the company is stated as : "Halewood Laboratories Private Limited is a quality oriented Pharmaceutical Organization which is 'Pledged to Ethics' to manufacture quality products that consistently meets & complies with the standards of current WHO-Good Manufacturing Practices (cGMP) in its state-of-the-art plants, to minimize the suffering of mankind through its unique and cost effective formulations."

## Innovative Range

### ELECTRORUSH ORS

(WHO recommended ORS- Ready to drink)

Electrorush rtd ors is unique and innovative concept developed by halewood. Ors is the combination of salts like sodium chloride, potassium chloride, sodium citrate and dextrose in eighth dose with right osmolarity. Electrorush helps in providing correct amount of electrolytes and fluids in one pack for patients suffering from dehydration and diarrhea.

#### Benefits:

- Recover excess loss of glucose or salt from body.
- Replenishing the blood with the required minerals or electrolytes.
- Works well for person suffering from dehydration
- Convenient to carry.
- Helps in treating diarrhea
- A good choice for athletes and trainers

Net contents	200ml
Sodium Chloride IP	0.52g
Potassium Chloride IP	0.30g
Sodium Citrate IP	0.58g
Dextrose Anhydrous IP	2.7g
Excipients	q.s.

### ELECTRORUSH PLUS

(Juice with electrolyte and minerals)

We invented Oral Redhydration therapy with juice to increase acceptability of the product, specially among Kids and increase the nutritional content of a Electrolyte drink.

#### Benefits:

- It is an innovative Natural Juice with Electrolyte, nutrients, Vitamins & Minerals. This is a effective formula with a lot benefits.
- This product is for Children & Adults
- It is enriched with minerals & vitamin C, helps in maintaining the electrolyte level in the body.
- It is very useful for Sports lovers as it prevents dehydration and muscle cramping
- Energy Booster Recommended for Athletes.

New innovation was done to have low calorie Electrolyte drink along with other vital nutrients & Minerals. This product became instant hit as it is sugar free and cover loss of electrolyte, minerals, & Nutrients.

#### Benefits:

- Balanced ELECTROLYTES: A flavoured way for kids and adults to replace electrolytes.
- Effective than common available beverages ages : Designed to replace fluids and electrolytes more effectively than sports drinks
- It meets medical guidelines for helping to prevent dehydration. Whereas Juice, sodas, and sports drinks are too low in sodium, an important electrolyte that's lost due to dehydration caused by diarrhoea, vomiting, sweating, and excessive urination.
- Works great as Anti- Hangover.
- Has Zinc which helps improve immunity.

## ELECTRORUSH-Zn.

(WHO recommended ORS enriched with zinc)

The unique combination Electrорush-Zn plays a magnificent role in regaining lost Electrolytes and reduce diarrhoea. This product is a new intervention for treating diarrheal episodes in children, wherein ORS is the major source to treat Diarrhea and Zinc decreases the severity of an episode and reduces the risk of recurrence in the immediate short-term. WHO also recommends taking ors with zinc to increase the effectiveness of treatment.

### Benefits:

- Available together in a single dosage form
- Convenient to take ORS and Zinc in single Tetrapak.
- Helps in regaining lost electrolytes.
- Available in various flavors loved by children and adults

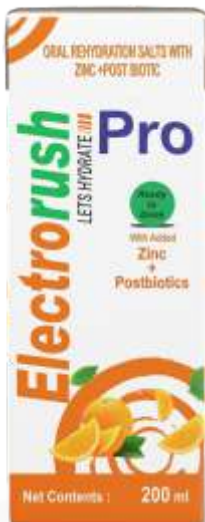

## ELECTRORUSH PRO

(Oral rehydration salts enriched with post biotic and zinc)

ORS enriched with Postbiotic and Zinc supplementation is a novel therapy for treatment of complicated diarrhea episodes. This product helps in recovering the loss of Electrolytes in a differential way with the inclusion of Zinc in it responsible in reducing the duration and severity of diarrhea.

### Benefits:

- Postbiotics can help prevent infections and strengthen your immune system.
- Intake of ORS with postbiotics might be a healthier option for individuals who have weak immune systems, have undergone surgery, or who are experiencing severe illness.
- Postbiotics introduce fewer new microorganisms into vulnerable immune systems.

## NUTRIRUSH HOT & COLD

(Hot & Cold Kadha for Immunity Booster)

It is a drink with Natural Amla Juice, Natural Spices, Orange Juice. Cinnamon, Ginger, Black Pepper and Cloves. An Innovative drink with natural vitamin c along with Haldi/ turmeric powder, Mint extract, Black Salt. NutriRush is reflection of rich Indian ancient history of Kadha. Its a combination of the most trusted and oldest ingredients like Curcumin (Turmeric), Ginger, Amla, Cinnamon, Clove, Cardamom, Black Pepper and Orange Juice which are been used from more than 3000 years by mankind. Now Enjoy the Indian heritage in a ready to drink format.

### Indication:

- Boosts immunity
- Common cold & cough

**Pack : Tetrapack of 200 ml**

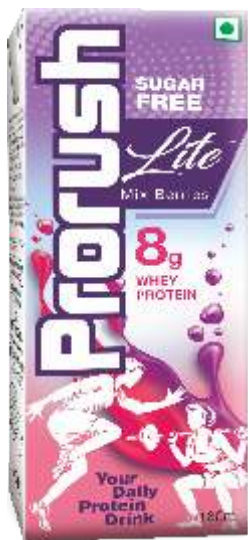

## PRORUSH FOR KIDS

(Protein drink for kids)

PRORUSH for kids is a well-balanced nutritional supplement for growing children which helps optimum growth and development. It contains the best quality Protein, a combination of 32 essential Vitamins and Minerals which meets the RDA (Recommended Dietary Allowance) requirement. It also has brain development ingredients as Docosahexaenoic Acid (DHA), Choline, Taurine, L-Carnitine and Inositol for cognitive development.

### Benefits :

- Physical Growth.
- Brain development.
- Skeletal development.
- Immunity development.
- Digestive health.
- Perfect meal replacement for kids which will cover all nutrients

## PRORUSH LITE

(Whey Protein drink)

Prorush lite is a whey based functional protein drink which contains 8gm of protein along with various vitamins, minerals and electrolytes. Whey protein is the excellent source for promoting and strengthening our muscle growth. Whey protein doesn't taste very good but due to our proprietary technology we have made an excellent tasting product with high functional advantages which helps fast absorption of protein. Prorush lite is water based protein and can be used by milk intolerant person.

### Benefits:

- Prorush lite is sugar free.
- The amount of calories is very minimal (less than 5 kcal)
- Rich source of protein in various flavours
- It contains 8 gm of protein per 200 ml

## PRORUSH

(Plant based Protein drink)

Innovated this new formulation made from a scientific blend of three plant protein (pea protein, Rice protein, & Faba Protein). These vegan proteins are combined with nutritional ingredient to support bone & brain development, Immune System and can enhance the functioning digestive system. Our innovative proprietary product PRORUSH is a protein drink which is lactose free.

### Benefits :

- Lactose free, NON-GMO, Gluten Free, No preservative 7gm of protein per serving of 180 ml with natural juice
- With Vitamin, Minerals and Amino Acids.
- Lose fat and build muscles.
- Increase Endurance.
- Decrease Food Craving.
- Control Blood Sugar.
- Lower Cholesterol.

## GLUCORUSH-D

(Glucose-D with Vitamin D3)

Glucose ready to drink is an innovative proprietary technology with Vitamin **(Vegan Source) D3 and Electrolytes**. The research states that the Glucose with Vitamin D3 are absorbed in much better way if they are in liquid form. This provides instant energy to the body. It is very difficult to have a stable Glucose product in ready to drink format as Glucose being very unstable in liquid form but due to our technology and strong R&D we innovate this product.

### Benefits :

- 20gm of Glucose per serving(200ml).
- Zero Fat.
- Zero Cholesterol.
- Gives instant energy.
- Helps fight excess heat by replenishing Glucose & Electrolytes lost from the body.
- Natural Juice with Electrolytes and Vitamins D3.
- Working as Fuel, Build Muscle, Optimising the Creatine absorption for working out and Bodybuilding.

## ELECTRORUSH-PRO

(ORS with Probiotic and Zinc)

ORS enriched with probiotic and zinc supplementation is a new intervention for treating diarrhea episodes. This product helps in recovering the loss of electrolytes and starts the treatment of balancing our flora gut. Probiotic helps in reducing the effect of antibiotic Medicines. Zinc reduces the duration and severity of diarrhea.

### Benefits:

- S.Boulardii helps in reducing the duration of diarrhea in children with persistent diarrhea.
- L.Rhamnosus helps in boosting immunity-Bacillus clausii treats diarrhea without causing adverse effects.
- Probiotic helps in maintaining their flora of gut
- Zinc plays the role of regaining of lost electrolytes.

Packing size - 5.6 gm sachet.

## HALEPEG

Polyethylene glycol 10g (Macrogol)

Macrogol belongs to a group of medicines called osmotic laxatives. It works by drawing water into the bowel, which softens stools and helps them move through the bowel more easily. Halepeg is indicated for the treatment of constipation in adults and children.

This product is in the form of a powder that should be dissolved in a glass of water (at least 50 ml).

### Indication:

- Helps improve your digestive health
- Reduces bloating and relieves constipation
- Macrogol brings water to the hard, dry stool and then acts locally in the colon to relieve constipation.

## FOSFOWOOD

(Fosfomycin trometamol Powder)

### Benefits :

- Helps to prevent recurrent urinary tract infection / cystitis caused by E.coli.
- It is used to treat bacterial infection of the bladder.
- The growth of the bacterial is stopped and kills the bacteria later on.

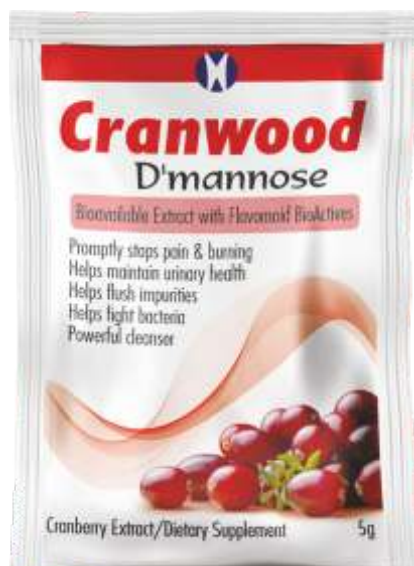

**Vanilla Flavour**

Packing size - 8 gm sachet.

## CRANWOOD

Potassium Magnesium Citrate D Mannose with Cranberry Extract

Cranwood helps in preventing urinary tract infections (UTIs) and treating carbohydrate-deficient glycoprotein syndrome, an inherited metabolic disorder.

### **How does it work?**

Cranwood prevents certain kind of bacteria from sticking to the walls of the urinary tract and causing infection.

Mostly recommended for women. Easy to consume.

### **Dosage**

- **For preventing frequent UTIs:** 2 grams once daily, or 1 gram twice daily
- **For treating an active UTI:** 1.5 grams twice daily for 3 days, and then once daily for 10 days; or 1 gram three times daily for 14 days.

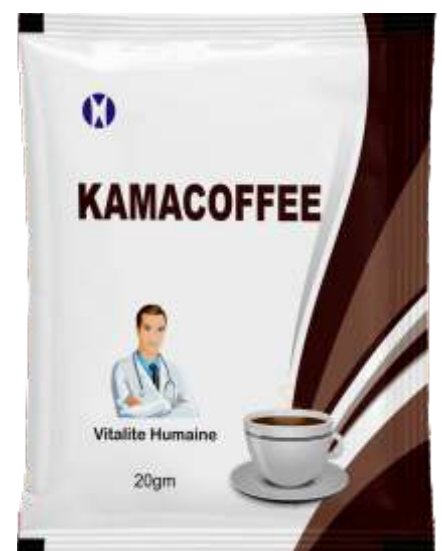

Packing- 5 gm sachet.

## KAMACOFFEE

Kamacoffee is a dietary organic aphrodisiac and stimulant coffee used against general asthenia contains Tongkat Ali, Gurana, Maca, Skimmed Milk and Stevia (Natural Sweetener).

**Indication:** Improves Erectile dysfunction, premature ejaculation. Boosts testosterone naturally, Improve endurance and concentration abilities, Controls cholesterol (Stevia Natural Sweetener).

**Directions:** Mix one sachet into 100-150ml hot water and blend until well combined.

## EDGE

### ENERGY DRINK POWDER

Edge energy drink powder is a daily formula multivitamin supplements have Ginseng and Taurine that help to reduce stress, increase mental alertness, improve mood, and revitalize the body. These nutrient-rich tablets help in enhancing bone health.

Recommended Consumption: Maximum 3 sachets a day

**Directions:** Pour all powder of the sachet in a glass and add 200ml of cold water

## HALOKOFF

(Herbal Lozenges)

Medicated Herbal Lozenges for Cough and Cold.

### Benefits :

- Menthol Flavour
- Orange with Vitamin C
- Ginger & Lemon
- Honey & Lemon
- Cerise Noire

## SINUWOOD

### Sodium chloride Powder for nasal solution (4gm/200ml)-with xylitol

For relief of blocked nose Sinuwood is a non-medicated, sterile, preservative-free saline irrigation which comprise of 10 sachets of 7.8 g of pre-mixed dry powder each and one Sinuwood 200 ml sterile squeeze bottle used for nasal washing.

### Indication:

Rhinosinusitis, Viral upper respiratory infections , Allergic rhinitis, Atrophic rhinitis, Fungal rhinosinusitis, Nasal congestion, Post-operative conditions

### Key factors:

- It effectively drawing out the mucus out of the sinuses by improving the ciliary activity
- Helps to relieve post nasal drip as well as sinus pressure.
- Xylitol makes the nasal membranes slippery, helping to guard against the pathogens inside the nasal cavity & also helps to inhibit the bacteria frequently associated with sinus infections.

## GLUCORUSH CHEWABLE TABLETS

GLUCORUSH is the primary fuel used by most cells in the body to generate the energy that is needed to carry out cellular functions. When glucose levels fall to hypoglycemia levels, cells cannot function normally, and symptoms develop such as nervousness, cool skin, headache, confusion, convulsions, or coma. Ingested glucose is absorbed directly in the blood glucose level.

- Provide Instant physical energy.
- Improve mental concentration.
- Rich in taste with Orange flavor.
- Convenient to carry and take when needed.

Packing style: 10tabs in a tube.

## NUTRI RUSH-ACE

Nutri Rush ACE is a combination of vitamin A, C & E which contributes to the protection of cells from oxidative stress. Papaya extract contributes to the effect of antioxidants. Selenium protects cells from oxidative stress.

Recommended For: strengthening the immune system for all ages: children, sportsmen and elderly people.

### Each Tablet Contains:

Vitamin C	180mg
Papaya extract	100mg
Zinc	15mg
Vitamin E(a-TE)	10mg
Pro Vitamin A	2mg
Folic acid	400µg
Selenium	30µg

## NUTRIRUSH-ACTIVE

Nutri Rush Active contributes to normal energy yielding metabolism and to the protection of cells from oxidative stress Coenzyme Q10 is a powerful energy activator.

Recommended For : Athletes.

### Each Tablet Contains:

Vitamin C/L-ascorbic acid/	160mg
Magnesium/Magnesium sulfate & Magnesium oxide/	60mg
Vitamin B3 (NE)/Nicotinamide/	19.80mg
Vitamin E (a-TE)/D,L-alpha-tocopheryl acetate/	16.50mg
Vitamin B6/Pyridoxine hydrochloride/	4.00mg
Iron/Ferrous sulfate/	2.70mg
Zinc/Zinc sulfate/	2.70mg
Vitamin B1/Thiamine mononitrate/	2.60mg
Coenzyme Q10/Ubiquinone/	2.0mg
Vitamin B2/Riboflavin-5-phosphate sodium/	1.90mg
Manganese/Manganese sulfate/	0.90mg
Pro Vitamin A/Beta carotene/	0.50mg
Copper/Copper sulfate/	0.45mg
Folic acid/Pteroylmonoglutamic acid/	200µg
Vitamin D3/Cholecalciferol/	5µg
Vitamin B12/Cyanocobalamin/	4.95µg

## NUTRI RUSH-VITAMIN C 1000MG

Nutri Rush Vitamin C enhances body's resistance to infections and has an antioxidant effect.

Recommended For: In cases of fatigue & physical strain.

### Each Tablet Contains:

	Half Tablet	One Tablet
Vitamin C	500mg	1000mg

## NUTRI RUSH-L-CARNITINE

Nutri Rush L-Carnitine is considered a conditionally essential Nutrient. It Promotes weight loss & increases athletic performance.

Recommended For: Athletes with dynamic & intense physical activity.

### Each Tablet Contains:

L-Carnitine	1000mg
Green tea extract	30mg

## NUTRI RUSH-D-CALCIATIVE

Nutri Rush D-Calciative contains an increased quantity of calcium, which supports bone growth & Metabolism. Inulin promotes calcium absorption. Magnesium promotes the absorption of calcium & vitamin C and neutralizes the risk of tissue calcification. Vitamin D3 is necessary for calcium resorption and also to treat bone disorders. Vitamin C is necessary for the formation of collagen- the most important protein in bone tissues.

Recommended For: People who have bone disorders and joint pains.

### Each Tablet Contains:

Calcium	1000mg
Vitamin C	120mg
Inulin	100mg
Magnesium	60mg
Vitamin B6	6.0mg
Vitamin K1	60.0µg
Vitamin D3	10.0µg (400IU)

## MUCOWOOD – ACETYL CYSTEINE

Acetylcysteine effervescent tablets 600 mg Mucolytic Acetylcysteine is used to help thin and loosen mucus in the airways making it easier to cough out.

This effect helps you to clear the mucus from your lungs so that you can breathe easier.

Indication:

In certain lung diseases such as Bronchitis, emphysema, mucoviscidoses and bronchiectasis.

Pack: Tube of 10 tablets

### Each Tablet Contains:

Acetylcysteine Effervescent Tablet	600 mg
